2017 SKYWARN BASIC TRAINING PROGRAM

Have You Ever Wanted To Be a Severe Weather Spotter For The National Weather Service? Well here's your chance...

The Port St. Lucie Amateur Radio Association is pleased to announce that the National Weather Service office in Melbourne, FL will be presenting a SKYWARN Basic Training program for residents of St. Lucie County on April 26, 2017.

The SKYWARN Basic program provides an opportunity for current severe weather spotters to renew their status for another two years and for new members of the public to become trained as severe weather spotters.

When: Wednesday, April 26, 2017
Time: 6:30 PM – 8:30 PM
Where: St. Lucie County Emergency Operations Center
15305 W. Midway Road, Fort Pierce, FL

This program is free and open to the general public.

If you are interested in participating, please RSVP to our training/testing mailbox: testing@pslara.com. Indicate SKYWARN in the subject line and include your name and basic contact information (email address and telephone number).

This program is always popular and a large crowd is anticipated, so please enroll early.

For further information concerning the SKYWARN program please contact our Education & Testing Team Leader, Robert (Bob) Brown, KJ4UXS, at brownpsl@comcast.net or by telephone at 772-201-5485.
