

**August 28th, 2019 – 7:30 pm**

## **GENERAL MEMBERSHIP MEETING AGENDA**

1. Meeting Call to Order
2. Pledge to the Flag
3. Introductions – Members & Guests
4. General Membership Meeting Minutes – July 2019 –Approval
5. Treasurer Report (Greg, KB4VVE)
6. Committee reports
  - a. Programs (Ken, WA4ABR)
  - b. Testing and Education (Bob, KJ4UXS)
  - c. Technical (Greg, KB4VVE)
  - d. Website (Michael, W4PPM)
  - e. Membership (Joey, KJ4VVU)
  - f. Club Relations/Social (Jody, W4SLD)
    - a. December Holiday Party
7. ARES Report (Paul, W4ISZ)
8. Affiliated Groups
  - a. 2X4 DX/HF Group
  - b. Slow Code PCN CW
9. Unfinished Business
  - a. DRAFT Membership Survey Questions
10. New Business
  - a. Fall picnic interest
  - b. Melbourne hamfest
  - c. Crosstown Bridge Celebration
11. Member Comments
12. Adjournment
13. Technical Program – Baluns & Basic Antennas (Greg, KB4VVE)

### **Roll Your Own Night!!**

**The program for August will be wire antennas and baluns. While we have talked about antennas before, this month will be a bit different - we'll be 'DOING' antennas. Yours**

**truly (Greg, KB4VVE) will have his parts tub and wire, baluns, insulators, coax, connectors, etc and members will have the opportunity to build that weird antenna that you've wanted to hide in your attic or between a couple of your neighbor's trees.**

**I'll also have PVC blanks, wire and other parts to roll your own baluns. So make a sketch of your ideas and gather some basic measurements and you can build that antenna idea that runs through your head as you fall asleep. From simple dipoles to OCF to End Fed - and even loops!**

**While this is a 'no charge' event, donations for the club will be gladly accepted.**

**C U there!**

**Greg KB4VVE**
